

Project Impact & Risk Assessment

Not every project that you can conceive of to support you in closing your most important gap is worth doing. Some put your precious resources at too much risk; others won't have sufficient impact on your business. After you have identified and prioritized the projects you are considering, use this form to perform an impact & risk assessment.

List Projects in Order of Priority	Describe the Major Impact of the Project on Your Business	Impact: High, Med, or Low?	Risk: High, Med, or Low?
